Attached is a draft of the 2015 CCR for the Polacca Water System. The draft is in two formats - PDF and Word. You can use this draft document that is generated from the USEPA Region 9 database, or use your own document. If you use the attached document, please review to make sure the information is correct. Please remember that the 2015 CCR for your water system is to be distributed to your customers by July 1, 2016.

A copy of the 2015 CCR that you distribute to your customers should also be sent to DataManager@epa.gov, with a copy to me. When you forward the 2015 CCR to USEPA, please remember to include a completed Certification of Delivery for the CCR. A template for the Certification is also attached.

Please contact me if you have any questions.
